Academic Appointment

College of Business Administration, Hongik University
Associate Professor, March 2015 – Present

Seoul, South Korea

Research Interests

Behavioral Operations Management • Revenue Management and Pricing • Supply Chain Management • Service Quality and Customer Experience • AI-Enabled Service Operations • Consumer Neuroscience in Human–AI Interaction

Education

University of Southern California, Marshall School of Business

Los Angeles, CA

Ph.D. in Business Administration (Operations Management), May 2014

Dissertation: Essays on Bounded Rationality and Revenue Management

Advisors: Sriram Dasu (Chair), Ramandeep Randhawa, Tim Huh, and Isabelle Brocas

Columbia University, School of Engineering and Applied Science

New York, NY

Master of Operations Research, February 2008

POSTECH (Pohang University of Science and Technology)

Pohang, South Korea

Bachelor of Science in Industrial Engineering, February 2005

- Public Service Quality Management Strategies, Ministry of the Interior and Safety, 2019*
- Process Diagnosis and Improvement Plan for Customer-Facing Departments, LH Seoul Regional Headquarters, 2019*
- Service Survey, Nu Skin Korea Co., Ltd., 2018*
- Necessity of Quality Policies in Response to the Fourth Industrial Revolution, Korean Society for Quality Management,

2018

- Call Center and Walk-in Service Improvement Consulting, Nu Skin Korea Co., Ltd., 2016*

Patents

- Haptic-based wearable device for providing obstacle information, and control method thereof. Korean Patent No. 10-2946415 (2026).

Conference Presentations

- Kim, S.**, & Lee, M. (2026, November). Consumer processing of AI-generated and real human faces: A multimodal fNIRS and eye-tracking study. 10th International Symposium on Operations Management and Strategy (ISOMS 2026), Saitama, Japan (scheduled).
- Kim, S.** (2026, September). Service quality improvement in real estate brokerage: Implications for PropTech-based service innovation. 24th Asian Network for Quality Congress (ANQ Congress 2026), Chengdu, China.
- Kim, S.** (2025, November). A study on improving the quality of online and offline work environments for employees with disabilities. 23rd Asian Network for Quality Congress (ANQ Congress 2025), Bengaluru, India. Also served as Session Chair.
- Kim, S.** (2025, September). A study on the emotional communication of virtual humans: Evidence from eye-tracking and fNIRS. KSQM-QMOD-ICQSS Joint International Conference, Seoul, Korea.
- Choi, D., Lee, P., & **Kim, S.** (2024, September). A study on the impact of service quality and digitalization on customer experience: A comparative analysis across industry groups in South Korea and Vietnam. 22nd Asian Network for Quality Congress (ANQ Congress 2024), Yokohama, Japan. Best Paper Award.
- Kim, S.** An experimental study of bounded rationality and learning in strategic customer behavior. Presented at KAABA International Conference, Korea (2022); 22nd Conference of the International Federation of Operational Research Societies (IFORS 2021), virtual (2021); 22nd Asia Pacific Decision Sciences Institute Conference (APDSI 2017), Seoul, Korea (2017); INFORMS International Conference, Waikoloa, HI (2016).
- Kim, S.**, & Dasu, S. Strategic buyers and posted prices: An experimental study. Presented at INFORMS Annual Meeting, San Francisco, CA (2014), Minneapolis, MN (2013), and Phoenix, AZ (2012); POMS Annual Conference, Chicago, IL (2012); Behavioral Operations Management Conference (2012); US-Korea Conference on Science, Technology, and Entrepreneurship (UKC 2012).
- Kim, S.**, Kumar, K. R., & Dasu, S. (2011, May). Allocation of air cargo capacity to decentralized sales offices. 11th Trans-Atlantic Doctoral Conference, London Business School, London, UK.
- Kumar, K. R., & **Kim, S.** (2009, October). Revenue management and capacity allocation with limited information in global air cargo operations. INFORMS Annual Meeting, San Diego, CA (poster).

Invited Seminars

- An experimental study of posted prices, Department of Decision Sciences and Managerial Economics, CUHK Business School, The Chinese University of Hong Kong, June 2018

Honors and Awards

- Best Paper Award, “A Study on the Impact of Service Quality and Digitalization on Customer Experience: A Comparative Analysis Across Industry Groups in South Korea and Vietnam,” Asian Network for Quality Congress Yokohama, 2024
- Award for Excellence in Teaching, Hongik University, Academic Years 2024, 2020, 2017
- Best Paper Award, “Analysis of Critical Success Factors of Fast Casual Restaurant by Incorporating Service Design and Operations Management: Blaze Pizza Case,” Korea Service Management Society, 2015
- Award for Excellence in Teaching, University of Southern California, Academic Year 2012–2013
- Summer Research Travel Grant, USC Marshall School of Business, 2012
- Graduate Assistantship, USC Marshall School of Business, 2008–2013
- INFORMS Future Academic Colloquium, 2012
- NUS Behavioral Economics Summer Institute, Singapore, July 2011 — Selected Participant, Travel Grant Awarded
- 11th Trans-Atlantic Doctoral Conference, London Business School, UK, May 2011 — Selected Participant, Travel Grant Awarded
- General Scholarship, POSTECH, 1998–2001
- Award for Excellency, POSTECH, Spring 2001, Fall 2001, Fall 2004

Teaching Experience

College of Business Administration, Hongik University

2015 – Present

- Service Management (Fall 2025)
- Production and Operations Management (Spring 2015 – Current)
- Operations Management (Spring 2023 – Current)
- Big Data-Based Management (Fall 2020 – Current)
- Decision Science (Spring 2015, 2016, 2018, 2019, 2020)
- Business Statistics (Fall 2016, 2017, 2018)
- Introduction to Business Administration (Fall 2018, 2024)

Award for Excellence in Teaching, Academic Years 2017, 2020, 2024

Marshall School of Business, University of Southern California

2010 – 2013

Instructor — Evaluation Score: 4.82/5.00

- BUAD 311 Operations Management, Undergraduate Core (Spring 2012)

Award for Excellence in Teaching, Academic Year 2012–2013

Guest Lecturer

- IOM 673 Optimization, Ph.D. Core (Fall 2010)
- IOM 599 Healthcare Operations (Spring 2013)

Administrative Service

- Deputy Director, Institutional Research (IR) Center, Hongik University, 2026–Present
- Department Chair, College of Business Administration, Hongik University, 2024–2025
- Deputy Director, Convergence and Open Sharing System for Biohealth, Hongik University, 2022–2025
- Director, Career Development Service & Counseling Center, Hongik University, 2020–2022

Academic Societies

- Senior Executive Director, Korean Academy of Management (KAM), 2024
- Vice President, Korean Academy of Customer Satisfaction Management, 2024–Present
- Board Member, Asian Network for Quality (ANQ), representing the Korean Society for Quality Management (KSQM), 2024–Present
- AER Fellow (Partner Professor), AER Knowledge Institute, Asan Nanum Foundation, 2022–2024
- Board Member, Korea Service Management Society; Korean Society for Quality Management; Korean Production and Operations Management Society; Korean Society of Business Venturing and Entrepreneurship; Korean Reliability Society

Professional Experience

Unimindlab Co., Ltd.

Seoul, Korea

Co-Founder & COO, August 2022 – Present

- Co-founded and operates a disability-inclusive company that designs and supports initiatives connecting people with and without disabilities.
- Led the planning and development of AI-based services, including applications that guide visually impaired users to subway exits and restrooms and facilitate matching between people with and without disabilities.

Korean Air

Gimpo, Korea

Summer Researcher, May 2009 – August 2009

- Categorized operation processes of the Korean Air Cargo Division and suggested optimization methods to improve logistics and revenue management.
- Conducted joint research on revenue management with the Hanjin Logistics Institute.

Korea Telecom

Seongnam, Korea

Manager, January 2006 – July 2006

- Analyzed business requirements and provided feedback and support for the Sales Division.
- Coordinated initial product development processes within the New Product Development sector of the Strategic Investment Division.

Deloitte Anjin LLC

Seoul, Korea

Consultant Intern, August 2005 – December 2005

- Provided technical support in designing and building a new risk management platform for the Enterprise Risk Services Department.
- Assessed operational risk factors and developed code to merge risk indicators during the M&A of Shinhan Financial Group and Chohung Bank.

KongYong DBM

Seoul, Korea

Researcher / Developer, January 2002 – May 2004

- Designed, developed, and supported thick and thin client applications using HTML, JavaScript, MS SQL, Oracle, C#, and Visual Basic.
- Developed an order, delivery, and customer management system (eCS) for Pulmuone Inc., and customized a CRM system (Focus 2003) for SKTlink and an SMB ERP system (Bizmeka) for Korea Telecom.
